Subject: BSI 254 v Fiorillo et al Notice of Conspiracy Against Nicholas Fiorillo to Disavow 1st, 14th Amendments of US Constitution and Article 29 of Commonwealth

EXHIBIT A

Honorable Judge Riccui,ti,

I have attached a series of motions that have been filed in the above captioned underlying and now contempt case in front of you. As it is clear that there continues to exist a deep state conspiracy against me and my affiliate, Gotspace and Ocean corporations, at the Boston Suffolk Court House. The clerks continue "gas-light" and block my prudent and timely filed motions and have systemically failed to:

1. Docket/ Serve Properly Filed Motions by Nicholas Fiorillo et al
2. Block Access to the CourtFM Recordings of such Hearings
3. Unlawfully edit and redact specific and key parts of Oral Arguments
4. Systemically Not File or File late such Timely Filed Motions
5. Prevent, Block and Freeze out Nicholas Fiorillo from Zoom Hearing Links
1 out of 14 different examples (Spitalny v Fiorillo 8/10/22)
6. Systemically Alter, forged, and Proffer Duplicative Rulings to Create Confusion and dismay.
7. Violate Multiple Violations of the Cannons of their appointments to Public Service
under USC 28 s 455 and Article 29 of the Commonwealth.
8. Judge/ Court Room Shuffle to Prevent Emergency Motions and Forced
re assignments back to previously conflicted Judges.
9. Systemically Communicate to Opposing Counsel in Violation of the protections
afforded under Ex Parte Relief (8/14/22) 1 of 7 example Nesgos admits.
10. Systemically Threatened and Intimidate Nicholas Fiorillo with the threat of
incarceration. Where Clerks and Judges have order bailiffs on multiple occasions
to muscle and bully Nicholas Fiorillo into submission. As they clearly attempt to
block filings at the clerks office on the mornings of June 14th, 15th and 16th.

As I have detailed in my attached motion of your recusal and the interrelation and deep state conspiracy to disavow my civil liberties. I have explained at least three separate instances where it was clear on the record at the July 25th, August 3rd and now August 8th and August 15th hearings, something much more sinister has been going with your docket. These Kangaroo Clerk type antics that have happened in our case with each other, is no different than what has been going on in the related Raymond Green, Spitalny and GS Funding actions since December 2021.

It could never be more clearer, than it is today . This 22nd day of August 2022.. Such clerks, Van Meek and Brooks with the tactical aid of the Assistance Clerk Magistrate, by and through a clear and apparent pattern of ex-parte clandestine communications with the entire group of my adversaries. Continue relentlessly to "game the system" at the expense of the entire justice system and have succeeded to completely destroy any aspirations of prudent Justice I may be rightfully entitled to at Suffolk Superior.

Attorney's Peters, Brier, Nesgos, Welnikki and Mclaughlin continue to conspire against myself and my development companies, at every turn. Whereas Attorney Peters, along with Peter and Samuel Spitalny, have been eaves dropping, wire tapped and intercepted all of my companies confidential calls, emails, legal and financial data. Where such confidential information between themselves, the clerks and the Boston Police Distts from their illegal "wire taps". As Alfred Demirjian, of Tech Fusion Data Recovery & Digital Forensic located at [101 Arch Street, Boston MA](#) , has been contracted to eaves drop and breach all of Fiorillo's computer and electronic devices he nd has been working with the Spitalnys, Peters and Mclaughlin since the summer of 2021.

As we have hard facts and undisputable proof that their is a consorted effort by all these individuals to disavow my rights and civil liberties of law that is not only sinister but criminal in nature.

As further outlined in attached motions, there has never been clear and direct attack on our Justice System then that of this criminal group.

as

All Americans should be free from such judicial injustices and never should have to endure the clearly criminal disavowment of their free rights to liberty and justice for all.

No Common Man or Woman in review of the totality of the global circumstances and criminal actions that have been launched against me. Would not, without doubt or question agree. That myself, my family and my business have been clear victims of a consorted unlawful conspiracy of a blatant material prejudicial

bias hat has been perpetuated against us in Boston Suffolk Superior Court.

Nicholas Fiorillo,
pro se

Ms Brooks and Van Meek,

I filed such motion timely today, well before the Judge heard such arguments from Peters and Brier.

I also reached out directly to both your phone lines (5 times) and opposing counsel via email for zoom link ID to court room 1301.

I also directly requested the zoom link via multiple emails, phone calls to both of you and your offices and the main line at the clerks department, well before the Spitalny matter was even heard.

I attempted to log in to the 4 different zoom links that are publicly posted on the [mass.gov](https://www.mass.gov) zoom link page and not one of them worked. Can you please forward what zoom link was used for today's hearing ?

As you know. I prudently requested a zoom appearance to you as clerks and to opposing counsel and was "frozen out" today.

Everyone in that court room had prior notice of my medical leave. As it was common knowledge from the August 8th hearing, Ms Van Meek was present at, I could not be in attendance today.

I do appreciate you informing all of us you handed up my motion and supportive exculpatory June 6th Depo Transcript and "Peter/Powers Criminal Show Cause" transcript as exhibits to our motion directly to the Judge.

Thanks again for the update, as we expect to see such motion and exhibits officially uploaded and docketed immediately.

As they need to be timely, as we intend to move to immediately **vacate** such rulings as the Judge clearly articulated we have every right to seek.

Also we are still waiting for Judge Ricciuti's ruling on our motion to dismiss in the BSI 254 Westfield Street matter to be uploaded as well. Can you give us an indication of when we might see that ruling as well?

I really want to thank both of you and appreciate all your help with your efforts for me to appear remotely.

In reflection, I think everything worked out for the best, as we will see the Judge in the fall.

Miss Van Meek after the call that I received from you informing me of the judges intent to issue a Capez for my arrest for being late to today's hearing I've informed you I'm here presenting myself in front of the judge and I want to return the Capeus as I was prevent it from being here on time because of the inclement weather in the south eastern part of Massachusetts specifically the Cape Cod bridge was backed up for over an hour with a flood on the Cape Cod side where I left my home in more than enough time to be present for the 2 o'clock hearing today.

Please inform the judge I will be in front of him in his court room shortly and I can be reached at 508-776-7219 it's unfortunate you didn't let me know anything else other than what the judge did and issuing a K PS and obviously you did not let him know that I needed to have it here pushed today because of the inclement weather

Subject: Fwd: BSI 254 v Fiorillo et al Notice of Inclement weather and request to move today's hearing to 3:30 PM

Ms Van meek

As I have had made numerous request via email and over a dozen phone calls to both opposing counsel your phone number and the clerk and the docket clerks department starting earlier this afternoon.

As I had earlier indicated I am still here in traffic bumper-to-bumper and an additional 30-45 minutes away.

Please immediately inform me what took place today at the hearing that I clearly had a prudent and legitimate request to postpone.

What actions did the judge take on what motions and what was the overall position from the court about my legitimate request to continue.

Also please give me detailed information of what the judge intends to do or has in fact acted on a series of prudent motions we filed in due course with proper notice and as discussed with opposing counsel during our conferences last week.

It is my intention to continue on in this traffic to make my way to the courthouse but at this point I am unsure if I will be there prior to 330 or even 430.

I have left you multiple emails containing my phone number and I have called many departments at the courthouse and left my phone number and I have yet to receive any communication from you whatsoever.

Please call me immediately and inform me and respond to this email As it appears just more of the same of your continued torches interference with my rights to a fair and proper day in court.
